BUILDING COMMITTEE PROGRESS REPORT
October 31, 1974

All of you are aware of the complete renovations which are taking place in our synagogue. The building committee: Marlene Cohen, Earl Parker, George Muller, Non Carrel and Mary Carrel have looked into all areas requiring repair and renovation. This included a new roof, new eavestroughing and soffit, covering the outside front stairs with wood and carpeting, a centre railing up the staircase, new window sills and waterproofing and stuccoing the exterior of the building, new lower staircase in synagogue, panelling, wallpapering and painting the vestry and sanctuary, new floors, wallpapering, mirrors and fixtures in all washrooms, new carpet in sanctuary, air conditioning in classroom and kitchen, new counter and cupboard in kitchen, holder for Torahs, enlarged Bima, new exterior doors to vestry and classroom, and new electrical wiring in kitchen. We are pleased to report that at this time two-thirds of the work is completed \$29,000.

All of this is expected to cost approximately twenty-nine thousand dollars. We are grateful to all of those who have contributed to the building fund and especially pleased that so many have been able to meet the five hundred dollar per family goal set at the last general meeting. To those who have not yet sent in their contribution please remember that donations can be spread over two years, if so desired. We ask those who have not sent in their donations to do so as soon as possible to help cover necessary expenses.

Mary Carrel

Chairman of Renovation Committee
